

PRIVATE LINES

Single point of contact for metro and long haul Wide Area Network solutions.

A proven track record since 1992.

Better communication, better response time and more satisfied customers than our competitors.

Support for the life of your circuit.

CORPORATE PROFILE

American Telesis provides Wide Area Network solutions utilizing a Complete Suite of Data, Ethernet and IP Products, from Private Lines and Frame Relay, to Dedicated Internet and IPVPN/MPLS along with Managed Services and Specialized Private Lines including Ring Downs and Hoot'n'Holler Networks.

We have maintained solid growth and profitability for all quarters since inception.

WHY AMERICAN TELESIS?

Dedication and commitment are the qualities we employ to consistently exceed customer expectations! Our customized AmTel™ software is the most user-friendly, information-intensive and customer-oriented maintenance package available in the telecom industry! We are professionals with a "team" philosophy!

No other company provides the level of service and support you receive from American Telesis!
